OFFICIAL

JUNE HEALTH EDUCATION AND WELLNESS PROGRAM—POISONOUS BITES, PLANTS AND STINGS: Living in Florida includes trips to the beach, picnics, fishing, camping trips and water, recreational, and sports activities of all kinds. It also means being aware of the hazards in nature and the environment. Florida's wildlife and vegetation can be both beautiful and dangerous. The number and variety of bugs is staggering. There are 67 species of mosquitoes, black widow and brown recluse spiders, 5 species of poisonous snakes, fire ants and stinging caterpillars, as well as alligators, dangerous marine life, poisonous trees, plants, and weeds. The best way to protect yourself and your family is knowledge. Be aware of the hazards, know how to avoid them when possible, and learn what to do if you are bitten, stung, contact or ingest a poisonous plant. June's packet will include information on animals, insects, marine life, and plants that can harm you, tips on prevention and first aid if you do become a victim. Packets will be available at all medical facilities in June or upon request to Carol Roth, BOC-005, 867-3414. (JJ-C)

IMPROPER LANE CHANGES ON THE INDIAN RIVER BRIDGE: Motorists are reminded lane changes on the Indian River Bridge are a violation of Florida State Statute 316.0875. The bridge is posted "No Passing" and marked with solid lines to indicate no lane change. All violations of this statute will be strictly enforced. (FF-S1)

RECONFIGURATION OF THE SCHWARTZ ROAD AND KENNEDY PARKWAY INTERSECTION: Beginning on June 22, 1998, construction crews will begin work on the Schwartz Road and Kennedy Parkway Intersection. This project will eliminate the through lane for southbound traffic and reconfigure the intersection to a four-way intersection. All employees should use caution when traveling in this area. (FF-S1)

STATE ROUTE 3, BARGE CANAL, BRIDGE REPAIR: The Florida Department of Transportation (FDOT) has advised that the lead abatement and repainting of the southbound lanes, including the painting of the northbound lanes, will require the closure of one lane which began May 29, 1998, for approximately a two-month period. To minimize the impact on KSC employees, the contractor will be working 24 hours a day and weekends. The work periods and closures may vary from day-to-day and week-to-week, so be alert to construction signs. All affected employees are requested to seek alternative routes of travel during this project. (FF-S1)

ROAD CLOSURE: The area between the Space Station Processing Facility (SSPF, M7-360) and the Environmental Development Lab (EDL, M7-409) will be closed for a period of 16 days beginning June 15, 1998. (FF-S1)

LEAVE TRANSFER RECIPIENT: Patricia A. Snooks-Moore, EY-E, has been approved as a leave transfer recipient. Personnel interested in donating leave may obtain the necessary forms in EC-D, HQ, Room 3531, or in HM-A-3, HQ, Room 1404. (EC-D)

YEAR-END PROCESSING OF PROCUREMENT DOCUMENTS: To assure contractual action prior to September 3, 1998, GG and OP have established June 30, 1998, as the cut-off date for MRs/PRs over \$100,000 and July 30, 1998, as the cut-off date for MRs/PRs less than \$100,000.

An accession number will be assigned after a Records Management Review of shipment, which can be scheduled by calling 867-4540. (FF-S2-A)

EMERGENCY MEDICAL ASSISTANCE: NASA has contracted with SOS International to provide emergency medical assistance for NASA Civil Service and contractor employees who are traveling overseas on official NASA business. The Occupational Health Facility (OHF) at KSC has information about this service for personnel traveling overseas. Those people traveling to the TAL sites in Spain and Africa will be provided this information by the GOMs prior to each trip. Before beginning your international travel, please contact the OHF to receive an SOS access card and access service guide. Appointments can be made at the OHF by calling 867-2025. (JJ-C)

EMAIL USERS: Email is an informal communication and is not to be used as the primary way to document official Agency business. Should official business be transacted using this system, hardcopy documents of the email messages must be produced along with transmission and receipt data, directories, and distribution lists. They must be filed, maintained, and disposed of in accordance with NPG 1441.1 (as revised), NASA Records Retention Schedule. After the hardcopy has been produced, messages may be deleted from the email system. For more information, see NASA Headquarters CIO Executive Notice 12-96, 2/20/96. (FF-S2-A)

POSTAGE PAID ENVELOPES: The use of postage-paid envelopes to file job applications is prohibited. Specifically, the Office of Personnel Management (OPM) has stated that it is improper to use postage-paid agency envelopes to file job applications for competitive examinations and agency merit promotion/competitive placement plans, or to appeal ratings received under these programs. OPM considers such use of Government envelopes to be personal, not for official business only, and, therefore, a violation of OPM and U.S. Postal regulations pertaining to the use of Government property. (HM-A-3)

KSC LIBRARY ARCHIVES: KMI 2240.1 (as revised) establishes the KSC Library Archives. Supervisors are responsible to make files available to the KSC Library Archivist and to notify the Library Archivist prior to retiring or destroying documents or other materials which may be of enduring historical value. Of particular historical importance may be photographs, audio recordings, minutes of meetings, letters, memorandums for record, policy letters, directives, studies, special reports, maps, biographies, organization charts, and statistical tables. For information, call 867-2407. (FF-S2-A)

Address questions to the Labor Management Relations Officer, HM-A-2, 867-3364, in advance of any proposed changes or publications. (HM-A-2)

ATTENTION ALL CIVIL SERVICE EMPLOYEES REPRESENTED BY AFGE LOCAL 2498: Employees represented by AFGE Local 2498 are advised of their right to union representation at any examination of them, in the unit, by a representative of the employer, in connection with an investigation if: (1) The employee reasonably believes that the examination may result in disciplinary action against the employee, and (2) the employee requests representation. This right is conferred by Section 7114 (a) (2) (B) and (3) of Chapter 71, Title 5, U.S.C., and is also contained in Article 4, Section 2, of the Negotiated Agreement. Under Article 5, Section 3, of the Agreement, the Union also has the right to be represented at any formal discussion between representatives of the employer and unit employees, or their representatives, concerning grievances, personnel policies or practices, or conditions of employment. (HM-A-3)

PEDESTRIAN SAFETY: Pedestrians crossing roadways on Kennedy Space Center are reminded to yield the right-of-way to all vehicles when crossing the roadway at a point not within a marked crosswalk. Motorists are reminded to yield the right-of-way to pedestrians crossing the roadway in a marked crosswalk when the pedestrian is on the half of the roadway the vehicle is traveling, or when the pedestrian is approaching so closely as to be in danger.
